

KNOW THE FACTS

Safe drug disposal

What do you do with illicit drugs.

DO NOT FLUSH MEDICATIONS OR DRUGS DOWN A TOILET OR DRAIN. THIS CONTAMINATES THE WATERS. CALL POLICE IF DRUGS ARE FOUND IN A PUBLIC PLACE OR IF YOU ARE CONCERNED THEY ARE PART OF AN INVESTIGATION

OPTION 1

- ▶ USE A DRUG DEACTIVATION DISPOSAL BAG, SUCH AS DETERRA. THIS IS THE SAFEST OPTION AND CAN BE FOUND AT MOST DRUG STORES.

OPTION 2

- ▶ TAKING SAFETY PRECAUTIONS FIRST THEN PUT DRUGS IN A LARGE ZIP LOCK BAGGIE.
- ▶ CRUSH IT ALL THEN ADD A SMALL AMOUNT OF WATER. ADD AN UNDESIRABLE SUBSTANCE SUCH AS KITTY LITTER. THIS PREVENTS ANIMALS OR CHILDREN FROM GETTING IN IT. THEN THROW AWAY IN THE REGULAR TRASH

DO NOT KEEP EXPIRED OR UNUSED MEDICATIONS IN YOUR HOME. DISPOSE THROUGH DEA'S TAKE BACK PROGRAM IN YOUR AREA OR FOLLOW OPTIONS 1 OR 2 AT HOME
